Subject: Quick update note on Asbestos SACC and my plan to take leave starting June 15 for three weeks (through July 6)
Attachments: Script.docx; Asbestos SACC Meeting Overview Presentation_f_6-8-20_3pm_sat.pptx

Sheila/Stan – based on our conversation during the run-through on Friday, I did make changes to the slides and sent them Friday at 5 pm (I copied you two).

After I sent to the team, some folks found some typos, so I made those changes but I have not sent them forward yet since I AM GUESSING I MAY GET COMMENTS FROM OPPT IO (AND MAYBE OCSPP IO?) – NOT SURE IF YOU HAVE HEARD ANYTHING YET.

The DFO understands there may be changes made to the slides as early as tomorrow morning just before we go “on”.

Also wanted you to know, per Stan’s comment/request on Friday, I did identify backups for each slide (see below) – and attached is the separate script I shared with the team in case they have to present any of the slides.

Sheila, I did see your note about a one-pager for data quality and confidence....will think about it after SACC....and I did want to give you both a heads up about my taking leave from June 15 to July 6. I will have my computer and will check in frequently. (Stan – I know we never did have our general last week, but I put in on the top of the agenda I sent you on 6/4 at 10:40 am). I will submit my leave request today.

Hope you are enjoying your Sunday afternoon....I am on my porch since it is not too hot and am (almost) enjoying working on a weekend....

Regards,

Subject: Identification of Backups for Slides, the Schedule for Monday (for sure) and others (as we know now)

All:

(Not including subs or Stan/Sheila)

I have attached a slightly updated slide deck and script (based on some re-thinking this morning for some slides and correcting at least one typo – diaphragms...[thanks Leonid]).

I expect I might get comments on the slides this weekend to change also....keep your fingers crossed. A couple of slide questions:

- All – please look at slide 14...I don't recall resolution to the issue of keeping "use" in the table rows by COU....do you?
- Tom/Leonid (and others if they wish) – please look at #58 and script...I made some changes after glancing through the Riata and Riipinen paper

My understanding is that the backup assignments are in case there are connection issues and I am not being heard/have problems...I truly do not expect any of this to happen...but here goes:

Assignment of Backups for Slides – *please let me know if you feel uncomfortable/have questions given the script/slides; or feel you are not properly assigned*

- Slides 1-11 – Robert C
- Slide 12 – Abhilash
- Slides 13-15 – Jay
- Slides 16-17 – Mari
- Slides 18-23 – Mitch
- Slides 24-31 – Amelia
- Slides 32-37 – Jay
- Slides 38-46 – Kevin
- Slides 47-68 - Tom

Schedule for Monday (Key – essentially 10:30 am to 2 pm)

As I understand it, a key part of the back and forth with the SACC is right after our presentation (scheduled for between 10:30 and 11:30 am). This back and forth will go from 11:30 to 1:45 pm.

I expect all of you to be present for that (especially folks identified above as backup). Please let me know if this will be a problem.

At 1:45 pm is the public commenting period...as I understand it there are 33 registered and they each get five minutes so that should take up the rest of the afternoon.

Rest of Week Schedule by Charge Question – *you know which ones you may be asked questions about, please let me know if you can't make those times (we can work in the off-hours to address and we will mention we will address next morning when asked "live")*

- **Tuesday**
 - Q1 – Env Exp Rel (2 questions) – 10:15 am
 - Q2 – Occup Exp (3 questions; many parts to first question) – 11:20 am
 - Q3 – Consumer Exp (7 questions) – 2 pm
 - Q4 – IUR (4 questions) – 4:45 pm
- **Wednesday**

- Q4 continued – 10:15 am
- Q5 HH Risk Charact (5 questions) – 12:10 pm
- Q6 Additional Qs (3 questions) – 3:40 pm
- **Thursday**
 - Q7 Overall (2 questions) – 10:15 am
